Description

All praise and thanks belong to Allah (S.W.T.), with Whose blessing all good and righteous deeds happen, and all success is from Him. May prayers and peace be upon our dear Prophet Muhammad (ﷺ) and upon his family and his companions. You plan and I plan but Allah is the Best Planner.

Al Falah Center was established in November 2010 by a group of community members to serve the needs of the growing Muslim community in Bridgewater and to play a positive role in the wider faith community. In 2011, Al Falah made an application to the Township to build a mosque and community center at the site of a former Redwood Inn located in a residential area. The application conformed to all existing laws and zoning codes in Bridgewater, where houses of worship were permitted in residential areas. Al Falah completed all the necessary traffic studies and our engineers met with the Township's Engineer, Traffic Consultant, and Fire Official to review the application.
