Description

Introducing AL-HAAYAH!
Our mission here at AL-HAAYAH is to provide accessible modest clothing. As we know finding modest clothing is very hard anywhere. So our goal is to provide closet staples conveniently and at a reasonable price.
We also take into account the quality, which we do not sacrifice for affordability. We will strive to give you the quality you deserve at the prices you will love!
Another thing we are really big on here at Al-HAAYA is healthy working environments. In todays day and age with advanced production and harsh treatment of staff, we aim to provide healthy and practical working environments. Our pre-made products are currently sourced form the UAE. We aim to source/produce personally from Pakistan beginning of 2023.
And last but not least our biggest aim SUPPORTING WOMEN! As our products are manufactured by strong independent women. Our fabric sourcing to stitching to branding to shipping is handled by powerful independent women. Buying from us is not just a product but rather supporting a mission!
