DJ SAWT — which means "The Sound" in Arabic — is more than a name. It's a mission. Since launching in 2024, DJ SAWT has been the heartbeat of Muslim communities, blending premium entertainment with cultural sensitivity and Islamic values.
What started as spinning tracks at local community events has quickly grown into a sought-after brand that serves mosques, schools, corporations, and families. DJ SAWT has already performed in Washington DC, Baltimore, Philadelphia, Greensboro NC, and New Medinah, Mississippi.
DJ SAWT also runs an online radio station that plays songs by Muslim artists 24/7 — your around-the-clock soundtrack of faith, culture, and community.
