Description

At Salam Jewelry, we believe that jewelry is more than just an accessory. It's a statement of identity, heritage, and faith. Our pieces are designed to celebrate culture, history, and personal expression, offering elegant and meaningful jewelry inspired by the beauty of the Middle East, North Africa, South Asia, and beyond.

As a second-generation Palestinian, keeping myself connected to Palestine has always been important to me. Growing up in Ohio, I was surrounded by the rich and vibrant Palestinian culture. From the traditional clothing I wore to the flavors of home in the foods I ate. But it wasn't until I started college in Cleveland that I truly saw how different cultures and people came together, each carrying their own traditions, stories, and faith. It made me realize just how deeply Islam connects us all, how it weaves culture and faith together and makes our roots even stronger.

I started Salam Jewelry in 2023, during my junior year of college, with a mission: to create meaningful, affordable jewelry that represents both my Palestinian and Muslim communities. I invested all my savings into this startup, driven by the belief that beautiful jewelry should be accessible to everyone, as a statement of heritage, faith, and identity. The overwhelming support from my Cleveland community proved that there was a need for jewelry that truly speaks to who we are.

What started as a small passion project has grown into something bigger than I ever imagined. Now, I want Salam Jewelry to expand, bringing meaningful pieces to even more people, whether you wear it as a symbol of home, a connection to faith, or a reflection of strength.

This is more than jewelry; it's identity, history, and pride woven into every design.

Wear your story. Honor your heritage. Carry it with you
