## Description

Masjid Al Aisha, located in the Township of Bergenfield, Bergen County, New Jersey, was founded in 2014 by the Muslim community of Bergen County. Its primary mission is to uphold, preserve, and promote the teachings of Islam, ensuring that all practices align with the Qur'an and the Sunnah of the Prophet Muhammad (Peace be upon him). Since its inception, Masjid Al Aisha has functioned as a religious and spiritual hub for our congregants, while also serving as a platform for community engagement and interfaith dialogue.

The progress and accomplishments of Masjid Al Aisha have been made possible through the generous financial and moral support of the community. Muslim brothers and sisters contribute voluntary services that amount to thousands of man-hours dedicated to the betterment of the community. May Allah bestow His blessings upon them and upon us all. The spirit of a united and active community is vital for the preservation of our entity and identity.
