## Description

---

MMPower Consulting provides business registration, strategic planning nonprofit management mapping and grant writing services for nonprofit organizations and initiatives to achieve sustainability through capacity-building partnerships and services.

Marsha Nivins, MPA is a performance-driven senior executive with verifiable success achieving revenue, profit, and business growth objectives within start-up and turnaround environments; extensive experience with non-traditional education institutions that require an understanding of higher education, department of labor and federal student aid; highly successful in budget development and management, seizing control of critical problem areas, and managing a \$20M grant portfolio.
